1. Print out two copies of the foundations piecing templates. MAKE SURE PAGE SCALING IS SET TO NONE OR ACTUAL SIZE. Cut them out around the outer line.
2. Paper piece two A blocks and two B blocks, placing fabrics as desired. Trim excess fabric and paper to outer line.
3. Make two rows by sewing an A and a B block together. Press to the B block.
4. Sew the rows together to make a finished block.

5. Piece a border around this block with the 2 ½" background strips.
